Outdoor Learning Health & Safety Statement

The safety of our participants is our priority. We apply strict management standards developed in line with Health and Safety legislation and good practice. Our sites and activities are fully risk assessed and regularly reviewed in line with our Health & Safety Policy.

All our gateway sites have staff with first aid qualifications and our leaders are fully trained and experienced in delivering your outdoor learning session. Decades of experience have made us a very safe pair of hands.

Whilst Yorkshire Wildlife Trust takes all reasonable steps to ensure the safety and enjoyment of students attending, it does not accept responsibility or liability for the same, and the involvement of the Wildlife Trust does not in any way remove the need for proper care and supervision to be provided by the school/organisation, which must at all times bear primary responsibility.

Our Health & Safety and Safeguarding Policies can be made available on request.

We look forward to welcoming you on site soon.
