Yorkshire Wildlife Trust

Schools Learning Programme

Living Seas Centre

Located amongst the stunning chalk cliffs of South Landing, Flamborough, the Living Seas Centre is the perfect place at which to discover fascinating local marine wildlife.

The centre itself boasts an indoor learning space for up to 30 children. A large screen for showing stunning images and video, alongside lots of props and displays make learning fun, engaging and interactive.

Situated just a short walk from the Living Seas Centre is the wide, open shore of South Landing. Here pupils can discover life in rock pools, scour the shore for strandline treasures and learn about the impacts of marine litter.

Call **01262 422103** or email **livingseas@ywt.org.uk** to find out more or make an enquiry
