

# Yorkshire Wildlife Trust

## Schools Learning Programme

### Self-led sessions

For our more experienced teachers who wish to develop their own science and geography sessions or youth leaders wishing to push their young people comfort zones, our sites can provide just the habitats and classroom space you need.

Hire out our education centres equipped with wi-fi, laptops and projector, toilets and washing facilities and then explore the site with accessible paths and informative interpretation.

Prices from **£60** ex VAT. Full details are on the 'Leader resources' section within the School sessions pages on [www.ywt.org.uk](http://www.ywt.org.uk)

#### Self-led sessions include:

- Site risk assessment and on-hands support with activity risk assessments
- A map of site with areas of interest
- Worksheets and spotter guides
