Day trip adventures...

Head to Hornsea

Head north and enjoy the coastal road to Hornsea Mere – Yorkshire's largest freshwater lake and mecca for wintering wildfowl.

(1hr drive from Spurn, HU11 5RJ) £

Hornsea itself has a long golden beach, pretty town centre and marks the eastern end of the Trans Pennine Trail.

Pack a flask and binoculars, ready to settle into the hide.

Look out for whooper swans and goldeneyes as well as the scarcer smew or black-necked grebe.

Hat, scarves and gloves ready – a stroll around the lake is a delight whatever the season.

Homeward bound along the Humber

From one side of East Yorkshire to another, RSPB Blacktoft Sands is located right at the other end of the Humber Estuary from Spurn. Seasonal spectacles will complete your adventure! (1hr 30mins drive from Spurn, DN14 8HR)

Pack a picnic and fill up the flask. With six viewing hides and a network of walking trails, there's plenty to enjoy.

Watch marsh harriers, merlins and occasional hen harriers gathering to roost; look out on the lagoons for over wintering wildfowl.

Keep your eyes peeled for barn owls often seen hunting in front of the hides.
