Don't Feed a Fatberg!

When cooking, don't pour **fats, oils, and greases** down the sink as this can lead to a build up of fatbergs. These cause blockages, pollution and can eventually enter our seas harming its incredible wildlife

How to correctly dispose of cooking oil:

Let it cool

Place it in a
disposable container
(with a lid)

Throw it in the bin

OR
Reuse it if
possible!

Do not pour oil in...

the bin

the sink

the toilet
