Cookies Policy

Introduction

Our website uses cookies to help provide you with the best website experience and most relevant content. **Cookies** are small text files which help the website to function properly and track browsing behaviour and actions.

This may include the pages you have visited, information about the device or browser you are using, any errors you encountered and data relating to any online transactions such as memberships, donations and online shop purchases. This information can build up a picture of your browsing habits and actions.

Cookies help us to:

- make our website work as you'd expect
- remember your settings during and between visits
- improve the speed/security of the site
- allow you to share pages with social networks like Facebook
- continuously improve our website for you

We do not use cookies to:

- collect any personally identifiable information (without your express permission)
- collect any sensitive information (without your express permission)
- pass personally identifiable data to third parties
- pay sales commissions

We have both required and optional cookies on our website. Required cookies cannot be disabled and are there to ensure the security and basic functionality of our website. Optional cookies will collect extra tracking information and can be disabled – look for the banner that pops up when you first enter our website.

You can learn more about all the cookies we use and how to disable them below.

Our cookies

Cookie provider: The Wildlife Trusts
Purpose: Used by the website to remember cookie preferences.
